- ☐ **Check your Android version.** Registered App Store features need Android 17 QPR2 or later, from 1 December 2026.
 - ☐ **Set a policy for work phones.** Ask your IT provider whether to block registered app stores in your device management.
 - ☐ **Keep a registered store installed if you rely on its apps.** Uninstalling it stops automatic updates for the apps it installed.
 - ☐ **Budget for the fee if you run your own store.** The annual registration fee is \$10,000, and only verified organisation accounts can apply.
