Canva launches its own AI image model, built to get text right

Published 23 October 2026. Read the full story, sources and any updates at digitaladvisors.com.au/journal/canva-craft-ai-image-model/

-
- ☐ **Open Dream Lab from the Canva homepage.** Craft is there, not inside the design editor.
 - ☐ **Check your AI allowance first.** Free plans list up to 20 AI uses a month; see how many you have left before a big batch.
 - ☐ **Test it on a design with words.** Try a sale poster or menu and compare the lettering with what you get from your usual tool.
 - ☐ **Proofread every word before you publish.** Read the text in the image letter by letter, including prices and dates.
 - ☐ **Ask your Canva admin about access.** In a workplace account, admins control who can use Dream Lab.
