Citrix releases NetScaler SAML fix after targeted attacks

Published 4 October 2026. Read the full story, sources and any updates at digitaladvisors.com.au/journal/netscaler-saml-fix-october-2026/

-
- ☐ **Ask your IT provider today.** Request a version and configuration assessment specifically for NetScaler CVE-2026-88779.
 - ☐ **Get an upgrade plan for affected appliances.** Ask the provider to match the release to bulletin CTX697174 and install the relevant fix as soon as possible.
 - ☐ **Reopen earlier patch confirmations.** Have the provider check this new issue even if it already completed the CTX697096 updates.
 - ☐ **Escalate existing interruptions.** Send the provider the timing and business impact, and ask whether incident response or Citrix support is needed.
 - ☐ **Record completion.** Keep the provider's installed-version confirmation and the names of the services it assessed.
