-
- ☐ **Check access on a computer.** Look in Shopify's Online Store themes area for Canvas and confirm your theme is supported
 - ☐ **List the shop's dependencies before editing.** Check app blocks, app embeds, translations and market-specific designs against Shopify's Canvas requirements
 - ☐ **Start with a duplicate of a supported theme.** Keep the original available and remember that the two copies do not share later changes
 - ☐ **Review every preview width before publishing.** Inspect desktop, tablet and mobile layouts and follow the shop's links with the inspector disabled
 - ☐ **Confirm the right version is ready.** Check the latest team changes and theme-history recovery options before selecting Publish changes
